Thursday, January 29, 2026

Evening (time TBA)

Sour Duck Market

1814 E Martin Luther King Jr Blvd

Austin, TX 78702

February 9, 2026

GRMPH: GCC Regional Midwest Power Hour

10:00 AM - 11:00 AM EST

Julie M Rojewski,
rojewsj@msu.edu
It's that time!

We will be hosting GRMPH: GCC Regional Midwest Power Hour the week of February 9-13, each day at 9 a.m. CST/10a.m. EST. It's right around the corner!

We have an amazing lineup of colleagues helping plan the weeks' events, which will focus on information, inspiration, and community.

We are asking that you register just once for the week, and plan to attend as many days as you are able.

I'm linking below to the zoom information so you can have it, but please do try to register (so that our GCC leadership know who/how many people are participating)--and note that the registration system will lead you to believe that it's only on Monday for an hour, but instead of blocking your calendar for a whole week, I figured you could just try to remember that it's happening each day for an hour.

Hope to see you there!

*GRMPH Planning Team: Bri, Derek, Laura, Julie, Mackenzie, and Theresa
Please let me (AKA Julie) know if you have any questions: @rojewsj@msu.edu.*
